SEASON

HEAT TROTTED BY THREE-YEAR-OLD MARGUERITE IN 2:18 1-4.

Both Events of the Northwestern Breeders' Association Won in Straight Heats-Running Races.

CHICAGO, June 29 .- The trotting meeting of the Northwestern Breeders' Association virtually began this afternoon, Saturday's session and a good part of the day being devoted to the horse show. The latter feature failed to draw a second crowd, only about 500 people being in attendance to-day. Two races were completed and, although won in straight heats, they were not finished until dark. Macey's little gray filly. Marguerite, had little trouble in winning the Hopeful stakes for three-year-olds in the 2:30 class, but her victory was not so hollow as that of Newberger in the 2:40 trot. The Kentucky horse, which is now in the hands of John Splan, seems to be showing some of the form that was expected of him in his youth. He was considered one of the most promising yearlings ever seen in Kentucky, but proved erratic. He won 2:16%. Marguerite trotted the fastest heat at second, yet his team put up good ball. scored by a three-year-old this season-

Frank Agan's owners are trying to get him into the \$3,000 pacing special for Thursday, but the owners of John R. Gentry and Joe Patchen naturally object. Billy Andrews, Gentry's trainer, who arrived here to-day, wants Thursday's race to be two heats out of three, instead of three out of five, and this may be arranged. The \$5,000 Horse Review stakes is the attraction to-morrow. Fanny Foley, which was expected to win the event, will not start, as she caught a bad cold while being shipped here.

Bad Poor Farm Condition. E. P. Bicknell, secretary of the State Board of Charities, upon his return yesterday from a tour of inspection through the southern part of the State, reported a bad state of affairs at the poor farms of Washington and Orange counties. At the former one he found fifteen children under the age of sixteen, and is endeavoring to find some method of having them placed in children's homes. He says that this case is a strong argument in favor of a State home for the dependent children. At the Orange county poor farm, at Paoli, he found a wooden building, which, he says, is scarcely habitable. The partitions are thin, and the building in a rickety condi-

CHAMPIONS, 3; DETROIT, S.

The Crippled Team of the Visitors Put Up Very Good Ball.

If the champions do not soon get somebody on second base who can stop a ball once in a while, they will lead the Western League a very short time. Damon pitched the kind of ball yesterday that deserves to win and it would have won had he received fairly decent support at second base. While it is true that Roat is in no condition to play ball, he should at least be able to stop easy grounders. It was his failure to get the little one Whistler sent at him in the first inning that cost five runs and the game yesterday. Damon's wildness laid the foundation for a run or two, but the chance was given to retire the side, and therefore the defeat cannot be charged up to his account. It is pretty tough when Depled team, even worse damaged than Indianapolis, get away with the first two games. Stallings had a catcher playing away off to-day, and reduced his record to left, an outfielder at short, and a pitcher ceptionally good, Knoll having two catches that were beauties and won him much applause. The first was on a fly by McCarthy eight which nobody supposed Knoll could possibly get under. These catches, with one by McCarthy of Trost's fly in the fifth. and another by Hogan of Dungan's in the sixth, were decidedly the features of the game. "Cllen's third base play was somewhat on the sensational order.

Damon's strike-out record was unusual. well scattered. He had the confidence that goes with a big substantial lead, and that. by the way, is oftentimes worth a great deal to a pitcher. Besides that he was given fine support, Burnett's errors being the only ones that amounted to anything, and they cost but one run.

Hogriever waited for four bad balls and then fumbled McCarthy's grounder and Stewart and Motz followed with singles. scoring the first Indianapolis run. Buckley was out from third to first. Nicholson got on balls. Twineham scratched out a hit between Motz and Roat, and Egan placed a ed. Nicholson was retired at first and the inning ended. After that the runs were

AGAINST AMOS RUSIE

NATIONAL LEAGUE DIRECTORS DE CIDE IN FAVOR OF FRIEDMAN.

The Big Hoosier Pitcher Must Play Ball with New York or Not at All -May Appeal to the Court.

Amos Rusie, the star pitcher of the National Baseball League, is still tied hand and foot to "Magnate" Friedman, of the New York club. The board of directors at its meeting in Pittsburg yesterday upheld Friedman, and big Amos must "knuckle" to the New York magnate or remain idle for an indefinite period. An effort was made last night to learn whether Rusie would abide by the decision of the national board and go to New York and play ball. At 11 o'clock it was stated at his residence that Rusie was not at home. The Journal reporter suspected that Rusie was avoiding an interview until he could confer with his attorney, Mr. R. O. Hawkins, Mr. Hawkins was reached by telephone. He course would be pursued in the Rusle case, as all talk had been confined to the matter of presenting the case to the national board. Mr. Hawkins advised Rusie to begin civil action to recover the amounts of fines assessed against him by Manager Friedman in the first instance rather than appeal to the board. He said last night off Herman. 3; off Cunningham, 1. Struck off action, but he did not know whether the o'Brien, Miller, Peitz, G. Smith. Two-base bits. Amos Ruste has always carefully avoided
